Summary

I am a Full-Stack Developer with 3.5 years of experience building scalable web and mobile applications using React.js, Next.js, Node.js, and React Native.

My expertise lies in developing clean, efficient, and user-friendly solutions, with a strong focus on performance and scalability. I have worked on end-to-end product development, from front-end UI/UX to backend APIs and database integration.

Currently, I am looking to leverage my skills in React ecosystem & full-stack development to contribute to impactful projects and innovative teams.
